

# 6TH GRADE MATH

2019-2020

## Math units:

Unit 1: The Number System-Part I  
Unit 2: The Number System-Part II  
Unit 3: Expressions and Equations  
Unit 4: Ratios and Proportional Relationships  
Unit 5: Geometry  
Unit 6: Statistics & Probability

## Grading Categories:

### **Homework/Classwork:**

**20%**

**Quizzes: 30%**

**Tests: 50%**

## Grading Percentages:

**100-90% - A**

**80-89% - B**

**70-79% - C**

**60-69% - D**

**59% and below - F**

---

## Classroom Expectations:

- Come to class prepared and ready to learn.
- Be respectful of others as well as classroom materials.
- Make up all missed assignments (may show as an M or Abs on Aspen).
- Check Aspen frequently for assignments and grades.
- Complete all work to the best of your ability.
- Seek help in PERIOD 8 when you don't understand something.

---

## Classroom Norms:

- Enter quietly.
- **First 2 minutes:** Get organized, sharpen pencils, place homework on desk to be checked, and complete warm up.
- Lesson activities which include **EXAMPLES** completed together as a class, **On Your Own** problems, collaborative activities, and **EXIT TICKET** questions.
- Raise your hand when you need help.
- Last 5 minutes: It's okay to ask to use the bathroom if needed. Sign out!

**Notebooks:** Your notebooks are a mathematical tool that will help you stay organized and create a representation of your learning. If you are absent, you will need to be responsible and make sure you complete any pages and assignments you missed.

### Notebook Rules

1. Write neatly.
2. No scratch marks over mistakes. Please use your eraser or white out.
3. Copy everything the teacher writes.
4. Colors should be used only to highlight information and label diagrams. All other work should be done with a pencil.
5. Check work and make corrections to everything, when needed.
6. Make up any notes you miss due to absences.

## Homework

- Homework assignments are worth 2 points each. To earn the full 2 points, the complete assignment must be attempted with work shown. You will receive only 1 point for an assignment if it is only half done.. You will receive 0 points for an assignment if you do not have it in class for any reason, or if you have answers with no work to support them. Late assignments can be completed for 1 point. Be sure to show any work to support the answer to receive full credit. If you are struggling to obtain the correct answer, bring the work you have already done. **NO WORK, NO CREDIT**
- You may earn a **HOMEWORK PASS** by having an **A** average in the homework category at progress report time and at report card time. Passes may only be used for one math assignment each by the expiration date.
- Assignments should be written in your planner every day. They will also be posted on Aspen and on the 6th Grade Google Site.

## Quiz Retake Policy

- All students have 3 school days after receiving a graded quiz to correct their mistakes.. You must show all work and explain your mistake on the Quiz Corrections worksheet. Staple your corrections to the top of your original quiz and turn in by the due date.
- If you receive a D or an F on a quiz, you will meet with me during WIN to conference about your mistakes before correcting them. Quiz corrections are mandatory in this case.
- Once Quiz Corrections are complete, time will be arranged for you to retake the quiz. You only have **ONE** chance to retake the quiz, so make sure you are ready. Your grade will be changed reflecting the better of the two grades.

## Tests

- Tests will occur at the end of each unit. We will have a review day in class prior to the test, and two class periods will be scheduled for you to take the test. .
- Tests will consist of a few non-calculator questions, multiple choice PSSA style questions, and open ended questions.
- There will be no retakes allowed.

Please sign below to show you understand the expectations above.
