

September 2020

When COVID-19 closed our school doors, district employees stepped up to provide food support to our students. (left) Employees of Chartwells, our food service provider, package five days worth of meals for distribution to families in need. (right) Newville Elementary students Jessa and Josie Charnosky share a sign they made to thank the Chartwells staff. (bottom) District employees reveal the total they raised for the Newville Food Bank. Over 125 employees donated \$9200 during this drive.
