

Study up on Saving with Deposit Days

Information Sheet

We are excited to announce that *Deposit Days* will be offered again this year at Big Spring Middle School.

What are Deposit Days?

Belco Community Credit Union, in conjunction with the Big Spring Middle School, has developed a program to provide students with an opportunity to make in-school deposits into a Belco savings account. A Belco representative will be at the middle school once a month on a designated day to accept student deposits. This is a voluntary activity, but we want to offer every student the opportunity to participate and open a savings account. For this reason, Belco will be providing a certificate to deposit up to \$50* into a new savings/youth club account as an incentive and to encourage participation.

This program was started to excite and engage students about saving money, setting goals, and help sharpen their money saving skills.

How can I open an account for my student?

You can also open an account at any of our branch locations, or apply online from the convenience of your home using Belco's online application found on our home page at www.belco.org. A Belco representative will also be on site at the middle school on select dates to open accounts. Watch for more information.

What do you need to open an account?

To open an account for your student, a parent/guardian must also be listed on the account since your student is under the age of 18. You will need the following information in order to complete the application:

- Parent's Government issued ID/Driver's License/State ID or Passport with current address
- Parent's Social Security Number
- Complete physical and mailing address
- Child's Social Security Number
- Child's Date of Birth
- Some form of ID for the child – insurance card, school issued ID card

*A deposit of \$50 will be made when a new account is opened online or \$25 when opened at a branch location.
