

Section: Narratives - Needs Assessment

Introduction

The findings of a recent study showed that there is a significant benefit to students who participate in out-of-school-time (OST) programs. In fact, the [Return on Investment of Afterschool Programs in Pennsylvania](#) study determined that for every dollar invested in after-school programming for students there was a return of \$6.69 in potential benefits to students, including reduced rates for drop-outs, teen pregnancy, substance abuse, crime and delinquency ([Link to PSAYDN.org](#)).

In accordance with the American Rescue Plan (ARP) Act and Pennsylvania Act 24 of 2021 (Act 24), the Pennsylvania Department of Education (PDE) will award approximately \$50,000,000 or one percent (1%) of Pennsylvania's ARP Elementary and Secondary School Education Relief (ESSER) State Reserve funds to support school districts, charter schools and cyber charter schools (collectively, LEAs) in the development and implementation of comprehensive after-school programs to address learning loss in response to the academic, social, emotional and mental health needs of students and subgroups of students impacted by COVID-19 public health emergency that supplement school programs and activities.

Act 24 requires that, when available, existing personnel shall be utilized by school districts, charter schools and cyber charter schools to staff programs and activities established with these grant funds.

Within 90 days of receipt of these allocations, school districts, charter schools and cyber charter schools must submit a three-part plan to PDE, that outlines the proposed use of the grant money, itemized by program and activity. This plan is part of a consolidated application that includes after-school programming, summer programming, and a comprehensive plan to address learning loss. The plan shall include:

- 1) A description of each program and activity
- 2) A narrative outlining the expected benefit of each program and activity
- 3) A budget for each program and activity detailing personnel and operating costs

PDE has developed the Accelerated Learning Toolkit, a significant cadre of resources and trainings, to support LEAs in the development of their plans. The Accelerated Learning Toolkit can be found [Link to Accelerated Learning Toolkit](#).

Needs Assessment: In this section, LEAs are asked to describe the impact of the pandemic on their students, examine disproportionate impacts on specific student groups, and highlight the LEA's promising practices in supporting students' needs since March 2020.

Indicators of Impact

1. Describe how the LEA identified students for inclusion in after-school programming. Include a brief description of the indicators used in the decision-making process.

Students will be identified for inclusion in after-school programming using a variety of data points. Classroom data from teachers, district benchmark and diagnostic tests, attendance, and current classroom performance. Students with disabilities, homeless students, and others from groups that historically require greater support will be prioritized for interventions and inclusion in afterschool programming. District indicators will include performance on MAPs testing, I-Ready, and any formative assessments given at the high school level, such as the CDTs.

Section: Narratives - After-school Program

After-school Program Questions: In this section, LEAs are asked to describe the activities they have designed to provide after- school programming for their students.

- Identify the target student-group for the summer school program. Will the focus be on academic growth, social and emotional wellness, or some other factor to support student growth? For each group, provide specific strategies that were used or will be used to identify and measure impacts.

Student Group	Area of Focus	Number of Students Served	Provide specific strategies that were used or will be used to identify and measure impacts
Children from Low-Income Families	Academic Growth	50	Tutoring, homework support, active learning, and positive adult-student relationships. The impact of the program will be measured by growth on MAPs, I-Ready, and end-of-course grades as appropriate by level.
Children with Disabilities	Academic Growth	50	.Tutoring, homework support, active learning, and positive adult-student relationships. The impact of the program will be measured by growth on MAPs, I-Ready, and end-of-course grades as appropriate by level.
Students Experiencing Homelessness	Academic Growth	5	Tutoring, homework support, active learning, and positive adult-student relationships. The impact of the program will be measured by growth on MAPs, I-

Student Group	Area of Focus	Number of Students Served	Provide specific strategies that were used or will be used to identify and measure impacts
			Ready, and end-of-course grades as appropriate by level.
Youth in Foster Care	Academic Growth	5	.Tutoring, homework support, active learning, and positive adult-student relationships. The impact of the program will be measured by growth on MAPs, I-Ready, and end-of-course grades as appropriate by level.
English Learners	Academic Growth	5	Tutoring, homework support, active learning, and positive adult-student relationships. The impact of the program will be measured by growth on MAPs, I-Ready, and end-of-course grades as appropriate by level.

3. Describe the evidence-based resources that will be used to support student growth during the after- school program.

At the elementary level, teachers will design lessons aligned with the classroom curriculum in the areas of reading and math. This instruction will be supported using Lexia, I-Ready, 95% Group, Read Naturally, Study-Island, and/or Think CERCA.

4. Describe the staff that will provide the after- school program (i.e., Internal staff or outside resources).

Number of Staff Members	Internal/Outside Provider	Role
30	Internal	Teachers and Aides

a. The LEA assures it understands it is responsible to offer the work to its internal employees prior to engaging outside entities.

b. The LEA assures it understands it is responsible to ensure that all after-school program staff hold the appropriate certifications for the program that is being delivered.

5. How will the LEA assess the success of the after-school program? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
MAPs	Two times a year	70% of students will show expected growth at the elementary level.
I-Ready	Two times a year	70% of students will show expected growth at the middle school level
End of Course Grade	4 times a year	70% of students in the program will pass the targeted course.
Classroom Diagnostic Test (Bio, Literature, Algebra)	Two times a year	70% of students in these courses, in the program, will show expected growth on CDTs.

6. How will the LEA engage families in the after-school program?

Families will receive updates from teachers on student progress within the program. At the elementary level, parents will be invited to an afternoon session that will be used to highlight student work and progress during the program.

Section: Budget - Instruction Expenditures

Instruction Expenditures

Budget

\$38,675.00

Allocation

\$38,675.00

Budget Over(Under) Allocation

\$0.00

Budget Overview

Function	Object	Amount	Description
1000 - Instruction	100 - Salaries	\$15,000.00	Staff Salary
1000 - Instruction	200 - Benefits	\$7,500.00	Staff Benefits
1100 - REGULAR PROGRAMS – ELEMENTARY / SECONDARY	600 - Supplies	\$6,175.00	Supplies
		\$28,675.00
