

BIG SPRING SCHOOL DISTRICT
Building and Grounds Department

43 Mount Rock Road
Newville, PA 17241
717-776-2000 Ext. 1604

TO : Dr. Nicholas Guarente, Superintendent
FROM: Cheri Frank, Director of Facilities Management and Planning
SUBJECT: District Administration Center (Annex) Semi-Annual Asbestos Update
45 Mount Rock Road
DATE : August 6, 2025

In accordance with state and federal asbestos management guidance, I have compiled all available data during the last six months (Dec. 27, 2024 – July 1, 2025). During this time, I have found that what little Asbestos has remained, the material is intact and in good condition.

All other known asbestos was abated from this building during the 2005 renovation. The VCT floor covering in the attached old band complex was abated by First Capital Insulation Inc. in the summer of 2018.

The Big Spring School District contracted with CUMBERLAND ANALYTICAL LABORATORIES, INC. to conduct the triennial re-inspection and management plan. The next triennial inspection is scheduled for July of 2026. Asbestos Hazard Emergency Response Act (AHERA) law requires each school, kindergarten through twelfth grade, to maintain these reports with their asbestos plan, available to the public. A copy of the report is available in the school office and will be made available to the public upon request.
