FROM : Cheri Frank, Director of Facilities Management and Planning
SUBJECT: Oak flat Elementary Semi-Annual Asbestos Update
DATE : August 6, 2025
CC : Dr. Nicholas Guarente, Superintendent

In accordance with state and federal asbestos management guidance, I have compiled all available data during the last six months (Dec. 27, 2024 – July 1, 2025). The construction of Oak Flat Elementary postdated the use of construction materials containing asbestos. Oak Flat does not contain any asbestos.

The Big Spring School District contracted with CUMBERLAND ANALYTICAL LABORATORIES, INC. to conduct the triennial re-inspection and management plan. The next triennial inspection is scheduled for July of 2026.

Asbestos Hazard Emergency Response Act (AHERA) law requires each school, kindergarten through twelfth grade, to maintain these reports with their asbestos plan, available to the public. A copy of the report is available in the school office and will be made available to the public upon request.
