## Message from Dr. Guarente

Big Spring Families and Community:

With just three weeks of school left in 2023, we are glad you are here to learn of all that's happening in the Big Spring School District!

This season, I am so grateful to our students for the way they inspire us as educators, our staff, who are among the most dedicated I've ever known, and our families and community for their support of our students and schools.

There are so many ways to get and be involved, and I encourage you to do so! You can attend a performance, participate in one of our service projects, or send a note of gratitude to someone you know in our school system! On behalf of our entire educational community, we wish you a joyous holiday season.

Ever, Always Strong,  
Dr. [Nicholas Guarente](#)

## **Generous Donations & Support During The Holiday Season**

Big Spring School District is grateful to the many community members, organizations and churches who partner to provide holiday assistance to our families! Approximately 200 children will be participating this year, with families receiving holiday food donations and/ or gifts for their children. We appreciate the coordination efforts of Jessica Winesickle our Home and School Visitor who serves in a similar capacity as a caseworker to support students and families.

### Calamity Day Reminders

In an effort to keep our students safe and maintain a consistent academic progression, the district may institute Remote Learning Days during instances of inclement weather or emergency closures.

- On Remote Learning days, students will participate in learning opportunities facilitated through each building schedule. These schedules are available on the District website.
- In the event of a Remote Learning Day, the change of the instructional model will be clearly communicated, and a reminder will be shared related to the location of the materials.
- Be sure to check your correct phone number and email address are updated in Aspen so you can be in the know! [Student Information Change Request Form](#)
