

Good afternoon Big Spring Middle School Families, this is Principal Nace.

In an effort to keep you informed, I wanted to share with you that there was a non-violent incident involving a student today, and from that isolated incident, rumors quickly spread that this student had a weapon, and we went into lockdown. I want you to know that this student did not have any weapons, and we did not go into lockdown. With the support of our School Resource Officer and other district personnel, and out of an abundance of caution, the situation was quickly addressed and handled appropriately.

Have a great rest of your day/weekend.
