

## Interest-Based After-School Enrichment Clubs

**Tinker and Design Club** — This is a hands-on club that will allow students to design through the online program Tinker Cad, print their designs on 3D printers, and then build their designs as clever engineers.

**Intro to Art Club** — This club introduces kids to the world of art and design. Students will have time to learn about different types of art and then create a project of their own relating to what they are learning about. This will include the world of painting, collage, and digital art.

**Around the World Culture and Cooking Club** — This club will give students an opportunity to visit other countries virtually, while experimenting with the tastes and cultures that each country offers. Students may want to share some of their favorite recipes when they come home.

**Robotics / Spheros Club** — This club engages students in programming robots to navigate a maze, or respond to commands. This club will foster a love of robotics and coding...all through play.

**Wellness / Fitness Club** — This club is packed with fun and engaging exercises focused on whole body fitness. From circuit training, to minute challenges, to tracking steps...students will be active in learning all about fitness and all that goes hand in hand for a healthy lifestyle.

**Rube Goldberg Club** — This club challenges students with creating a machine that performs a simple task in a complex manner. One step triggers the next in a chain reaction until the final task is complete.

**Scrapbooking Club** — This club provides students with the opportunity to learn tips and techniques for scrapbooking. From greeting cards to personalized crafts, to albums...students will use their creativity to design masterpieces.

Dear Parents,

We are super excited to once again offer interest-based after-school enrichment clubs for our 3<sup>rd</sup>-5<sup>th</sup> grade students. Your child has the opportunity to participate in one of the 7 enrichment clubs during the months of February and March. The clubs will be on Tuesday and Thursday afternoons, from 4:00-5:00 pm. The students will remain after school and would need to be picked up by 5:00 pm. They are welcome to bring along a snack to eat as we transition to the various club locations.

In order to be able to participate, we need to first know that you are able to pick your child up at 5:00 pm. The dates the clubs will be meeting include February 7, 9, 14, 16, 21, 23, 28, March 2, 7, 9, 14, 16, 21, 23, 28, 30.

**Please mark one of the options below and return this form to the school by Tuesday, January 31, 2023.**

\_\_\_\_\_ I will pick my child up at 5 pm on Tuesdays and Thursdays on the dates listed above.

\_\_\_\_\_ My child will not be able to participate due to transportation issues.

\_\_\_\_\_ My child is not interested in attending.

Student Name/Grade \_\_\_\_\_

Parent Signature \_\_\_\_\_

If your child will be able to participate, please read through the club options and have your child identify his/her top 2 choices for interest-based clubs. They will remain in the same club for the 8-week period. Please list the name of the clubs your child would like to join below.

Club Option 1 \_\_\_\_\_

Club Option 2 \_\_\_\_\_

We are excited to offer these awesome options this year in order to reach the interests of each of our students. We look forward to a highly positive and engaging experience for everyone. If you have any questions, please call Ms. Kimble at 717-776-2445.

Thank you for your continued support,

Ms. Kimble
