you must first submit
insurance and get it
approved **BEFORE** you can

Note: you must first submit insurance on previous screen and get it approved **BEFORE** you can make a schedule request!

Requests > New Schedule Request

New Schedule Request

You cannot create a schedule request because your liability insurance has not been approved by an administrator.

Once your insurance is approved you can begin the process of making a schedule request. Like the insurance, this request will need to be reviewed, deconflicted if necessary and approved before you can use the facility. First choose event type:

* Request type

* Event name

* Buildings

* Resources

Athletic Event

Athletics - Away Game

Athletics - Home Game

Athletics - Practice

Community Event

School Event

Staff Event

The rest of the fields are self-explanatory. Resources are pre-populated for athletic events, **for others you will need to list the room, etc.**
