

## Big Spring Athletic Boosters

### What are the Athletic boosters?

We are a group of parents that fundraise to help the Big Spring high school and middle school sports teams.

### What do we do with the money that is raised?

Each team gets a stipend that the coach uses how they see fit. This stipend is determined by the amount of money raised the year before and the number of athletes per sport the prior year.

The boosters coordinate the end of year sports banquet. The cost for each athlete that attends is covered by the boosters. We also award one male and one female senior athlete a scholarship in the amount of \$1,000 along with other awards and door prizes.

### How do we fundraise?

Our main fundraiser is the concession stands that are run at the stadium and in the commons area near the gym. Last year we did the Recycle Local LBJ Challenge, this year we're doing a BINGO to help cover the banquet costs.

### What can you, as a sports parent, do?

*Volunteer!!!* When your booster representative asks for volunteers to work concessions, please sign up! We have a lot of fun while feeding some hungry folks! If everyone takes one slot, it's typically only one night a season.

Also, you could become a booster representative. Each team is requested to have at least 2 representatives. A representative attends a booster meeting once a month and is also in charge of running the concession stand when their team is scheduled or as needed. Don't worry.. we'll train you!!

Donate!! Do you have a local business that could donate water or food to be used in the concession stands? Or items for door prizes for the banquet or even the next BINGO? If so, contact one of the board members.

### Other information

Booster meetings are held the third Monday of each month during the school year at 6:30 pm in the Health room behind the gym. No invitation needed!
